

ION* Skin Support

This soothing and protective mist strengthens the skin barrier to shield against toxins. Our innovative blend reinforces cellular connection, supporting a diverse terrain for your skin's microbiome to thrive. Mindfully formulated with simple yet effective ingredients to help minimize signs of skin damage and balance complexion while delivering a boost of hydration for healthy, glowing skin.

Benefits of ION* Skin Support:

Protect Against Toxins

Reduce Signs of Skin Damage

Balance Complexion

Usage Instructions:

Mist ION* Skin Support on face, neck, and chest twice daily. Use before applying other skin products, before and after sun exposure, or wherever your skin needs support. For best results, allow to dry or massage into skin before applying other skincare products.

Sensitive Usage:

If you feel you may be sensitive to the trace minerals or humic extract found in ION* Skin Support, please patch test to ensure there is no reaction. If you experience any adverse reactions from using ION* Skin Support, discontinue use and contact your dermatologist.

Ingredients: Humic extract (from ancient soil), purified water, silicon, zinc gluconate, copper gluconate, magnesium citrate.
